Books

Books are a man's best friend. Books keep us entertained and informed. Books give us knowledge. Books are fun. Reading books is a healthy past time activity.

There are all types of books. Some are story books, some are textbooks, related to teaching a particular subject like science or geography, some books like encyclopedias contain information about different topics, some books give us the latest news on sports.

A library is a place that has a big collection of all types of books. People can go in the library to read books there or borrow the books to be read at home. A librarian is in charge of a library. A librarian issues you a card and allows you to borrow the book.

A person who writes a book is called an author. Famous authors of children's books are Enid Blyton and Roald Dahl. You must have read stories written by them.

We must take great care of books. We must not write over them or make any marks. Also, we must not fold any pages of a book. Rather, we must use a bookmark to remind us where we last stopped reading.

Books
