

Personal Pronouns

Remember, a **pronoun** is a word that takes the place of a noun (a person, place, thing or idea).

A **subject personal pronoun** replaces the subject of a sentence. It tells you who (or what) did the action in the sentence.

Example: Izabella loves to dance. She loves to sing too.

Subject personal pronouns tell you who, or what, is doing the action in the sentence. Examples of subject pronouns:
