

Superlative Adjectives

Adjectives are words that **describe** people, places or things.

In other words, adjectives describe nouns.

Adjectives give us sensing information about how something feels, looks, sounds, tastes or smells.

Superlative adjectives indicate some thing has the greatest degree of a feature or characteristic.

For example, the following words are adjectives in their superlative form:

fastest

oldest

tallest

shortest

fullest

brightest

sharpest

shiniest

coolest
