

Superlative Adjectives

Adjectives are words that describe nouns. Adjectives give us information about how something feels, looks, sounds, tastes or smells. **Superlative adjectives** describe a characteristic or trait to the *highest degree*.

For long adjectives (more than 2 syllables), we add the word "most" before the adjective.

Some examples include:

amazing = most amazing

beautiful = most beautiful

experienced = most experienced

wonderful = most wonderful

serious = most serious

confident = most confident

humongous = most humongous

imaginative = most imaginative
