

A **sentence** is a group of words that expresses a complete thought, asks a question, or issues a command. A sentence usually contains a subject and predicate (verb).

Sentences should tell you both who (or what) did something, and what they did. The sentences are missing a subject (who did something). For each sentence, pick a subject to complete the sentence.

1. _____ ate his dinner.
2. _____ rode her skateboard.
3. _____ usually sleeps late.
4. _____ grows tomatoes in her garden.
5. _____, please put it down.
6. The brown _____ drove down the dirt road.
7. My _____ wished me a happy birthday today.
8. The blue _____ flew into the tree branches.
