

Answers

1. What is the meaning of the word "norm", as used in the second paragraph?

- A) unusual
B) **typical**
C) different
D) unexpected

2. What word is the best antonym for the word "encompass" as used in the third paragraph?

- A) contain
B) average
C) include
D) **exclude**

3. What is the meaning of the word "remote", as used in the final paragraph?

Remote means something is situated far away from the center of population, or far away.

4. What is the meaning of the word "public", as used in the first paragraph?

Public means it's available for everyone (the public) to use, not just specific people.

5. List two differences between rural and urban living.

Rural areas do not have large business centers that stay open late or all night, while urban areas do. In an urban area you'll see small animals such as squirrels, birds and chipmunks. While in rural areas, you may also see much larger animals such as deer, raccoons, mountain lions, coyotes or moose.
