

**Bar Graphs**  
**WORKSHEET#10**

The following table shows the number of babies born in a hospital during each day of the last week  
**Draw a bar chart for the following data & answer the questions.**

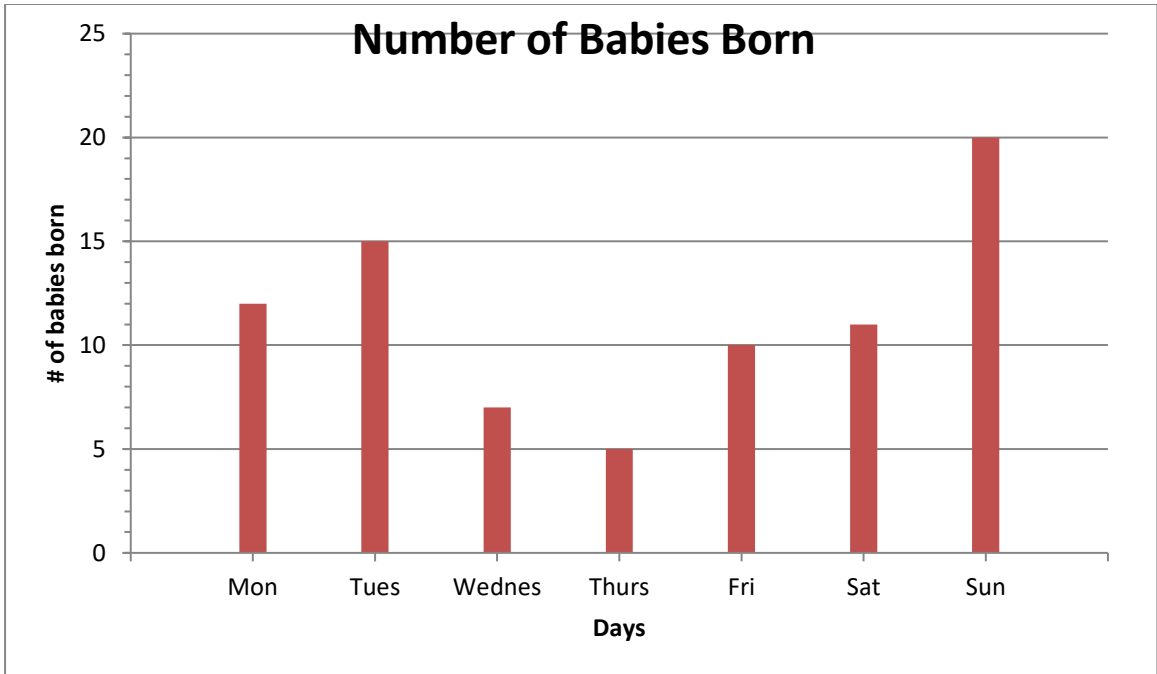

Day	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
# of babies born	<b>12</b>	<b>15</b>	<b>7</b>	<b>5</b>	<b>10</b>	<b>11</b>	<b>20</b>

Answer the following questions based on the bar graph.

- 1) On which day 7 babies were born? \_\_\_\_\_
- 2) How many babies were born on Tuesday? \_\_\_\_\_
- 3) How many more babies were born on Sunday than Wednesday? \_\_\_\_\_
- 4) How many babies were born on Saturday and Sunday? \_\_\_\_\_
- 5) On which day the maximum number of babies were born? \_\_\_\_\_

ANSWERS

- 1) Wednesday
- 2) 15
- 3) 13
- 4) 31
- 5) Sunday
