

Nets WORKSHEET#8

Work with a partner and build a squared - based pyramid. Each person should construct both pyramids.

- a) Copy the nets above of squared based pyramids onto 1 cm triangular dot grid paper. Draw tabs as shown.
- b) Paint with a different color the opposite sides of the pyramid.
- c) Using scissors, cut out the net and with the help of glue assemble all sides.

2. Build a squared - based pyramid.

- a) Copy the net below of a squared based pyramid onto 1 cm triangular dot grid paper. Draw tabs as shown.
- b) Using scissors, cut out the net and with the help of glue assemble all sides.
