

Directions: Sally had to write about something she did over the summer. Help her fill in the missing words to complete the story.

This summer, I went to a huge amusement park. I was so excited by all the sights, smells and sounds, but I was also a little _____ (*temptation, overwhelmed, indulgent*). I had a difficult time choosing which ride to go on first, but finally settled on a giant roller coaster that was shaped like a rocket. We waited in line for 30 minutes before taking a seat up front and putting on a _____ (*harness, malfunction, jovial*). The cars started out by _____ (*glitz, chugging, pinnacle*) along a track and then it started to climb upward. I could hear the _____ (*clanking, resplendent, tantalizing*) as the wheels pulled us higher and higher. We reached the _____ (*paramedics, resplendent, pinnacle*) and the roller coaster stalled for a brief second before it started to _____ (*descend, chugging, mellowed*) quickly. I screamed loudly as we raced around the track turning sideways and even upside down.

After the roller coaster, we took in a show that had dancing clowns with _____ (*mellowed, jovial, clanking*) looks painted on their faces. They also wore bright costumes with lots of _____ (*glitz, pinnacle, tantalizing*) and sparkle. After the show, we ate tons of fried food, sweets, and drank soda. Even full of all the sweet treats, we rode dozens of other rides. By the end of the day, I was tired and had _____ (*tantalizing, indulgent, mellowed*) completely. I hope we get to go back sometime soon or at least visit another amusement park.
